RUSSIAN WARSHIPS QUIT PORT ARTHUR

SIX BATTLESHIPS, FOUR CRUISERS AND TORPEDO BOATS
DASH OUT TO SEA.

BIG NAVAL BATTLE FOUGHT

ENGAGEMENT BETWEEN THE JAP AND RUSSIAN SQUADRONS
LASTS ALL DAY.

RESULT OF FIGHT UNKNOWN

BUT TWO RUSSIAN BATTLESHIPS
EVIDENTLY ESCAPED THE
JAP DESTROYERS.

Chefoo, Aug. 11.—A Russian torpedo boat destroyer entered Chefoo harbor at 5:30 o'clock Thursday morning and reported that six Russian battleships, four cruisers and half of the torpedo boats escaped from Port Arthur Wednesday morning. The torpedo boat destroyer left Port Arthur Wednesday night, bringing in five passengers who stated that the Japanese fleet is pursuing the Russians and that a battle on the open sea is expected.

Tokio, Aug. 11.—The Russian fleet emerged from Port Arthur Wednesday and a severe engagement with the Japanese fleet lasting all day followed. The Japanese destroyers attacked the Russians at night. The result of the engagements are unknown. The Russian battleships Retvizan and Pobieda were seen outside Port Arthur Thursday morning.

JAP DELAY IS FATAL

ALLOWS KUROPATKIN TO RETIRE
WITH HIS ARMY NORTH OF
LIAOYANG.

St. Petersburg, Aug. 11.—Again the chance of a decisive battle between General Kuropatkin and the commander of the Japanese armies seems to be disappearing. According to a statement issued by the general staff last night rains are again falling over a wide area in Manchuria, with the prospect of impeding operations, but even more important is the information reaching the Associated Press from an exceptional source that the Japanese have once more delayed too long.

General Kuropatkin has now withdrawn the bulk of his army safely north of Liaoyang, leaving only a strong rear guard line southeast of Liaoyang to contest the advance when it comes. According to this information the Japanese have about 300,000 men in the armies operating against General Kuropatkin, rendering it too hazardous for him to risk a general engagement.

The general staff has no information bearing on the reported presence of a large force of Japanese at Pailthui, a place that cannot be located on available maps. The report agrees, however, with the general tenor of the information received by the Associated Press and here given that General Kuropatkin is already retreating north of Liaoyang.

WAIT FOR TURNING MOVEMENT.

Large Force of Japs Concentrated at Haicheng.

Liaoyang, Aug. 11.—The Japanese are very active at Bendziko, twenty-seven miles east of the Taitze river. They are bridging the river at eight points to facilitate their advance.

It is reported that the Japanese have 20,000 men and twenty guns idle at Haicheng awaiting the turning movement which they are now attempting around Liaoyang. The Haicheng force will be ready to advance if the flankers succeed in pocketing the Russians.

General Lubavin made a reconnaissance to the eastward in the valley of the Taitze river on the night of Aug. 6, striking the Japanese at Izyanchan. The night was dark and foggy. Three companies of Cossacks rushed the Japanese outposts in order to develop the strength of their reserves. It was discovered that the Japanese had 30,000 men and eight guns.

The Cossacks found that they had stirred up a hornets' nest. They had a severe fight and drove back the Japanese advance, but got away before reinforcements could arrive.

The Russians lost two men killed and nine wounded, and a few horses.

IN THE BATTLE OF YALU RIVER.

Russian Losses Greatly Exceeded Those of the Japanese.

Washington, Aug. 11.—The war department has made public information concerning the military operations in the Russo-Japanese war as furnished by the observers sent to the front. In this instance an account is given of the battle of the Yalu, the information being obtained principally from the report of Colonel E. H. Crowder, one of the officers sent to the far East. The casualties for that engagement are given as follows:

Russian—Officers killed, 30; wounded, 90; men killed, 1,363; wounded, 1,100; taken prisoners, 613.
Japanese—Officers killed, 3; wounded, 33; men killed, 218; wounded, 763.

PEACE STILL SEEMS REMOTE.

Fall of Port Arthur and Defeat of Kuropatkin Will Not Daunt Russia.
St. Petersburg, Aug. 11.—Discounting the fall of Port Arthur and the disastrous defeat of General Kuropatkin at the hands of the combined Japanese armies, some diplomats are already speculating upon the situation in which the combatants would be left and the question as to whether it is possible that way would be opened for peace. The almost unanimous opinion is that with her present record of victories, combined with the financial difficulty of continuing the war indefinitely, Japan would welcome peace, and the almost unanimous verdict is that Russia would adopt a contrary course. Even should every Russian soldier be driven out of Manchuria, the diplomats believe that Russia could not afford to yield, but would be compelled to doggedly continue the war, collect another army in Siberia and take the offensive next year. Several keen diplomats, however, are of the opinion that Japan, by a clever coup in the event of Kuropatkin being routed, might perhaps force the powers to intervene in a way that Russia could not resist. One diplomat, representing a European power at the court of Emperor Nicholas, said:

Hay's Note May Bring About Peace.
"Secretary Hay's note opening a way for the guarantee for the administrative entity of China, to which all the powers subscribed in principle, may after all become the means of bringing about peace. If Japan, pushing the Russian military forces out of Manchuria and obtaining undisputed possession, should then formally relinquish the province to China, its real owner, and call upon the powers under their guarantee to protect the entity of the Celestial empire, I do not think the powers could escape responsibility.

"There would, of course, be difficulties growing out of the predilections of the various powers. Nevertheless all the powers, I believe, are in accord in a common desire to see peace restored and many are of the opinion that the only hope of peace in the immediate future, if the Japanese succeed in driving the Russians out of Manchuria, rests upon the intervention of all the powers on the basis of their replies to Mr. Hay's note. Russia could better afford to yield to the powers than to Japan alone."

MAY NOT GET AWAY

JAPS MAY YET SUCCEED IN ENTRAPPING THE ARMY OF KUROPATKIN.

Kinohow, Aug. 11.—The increased severity in skirmishing along the whole front in Northern Manchuria indicates that the Japanese are forcing Kuropatkin toward a general engagement and places where the sharpest fighting is in progress show that the decisive battle of the campaign in the upper part of the province is likely to be fought near Liaoyang. There is no doubt from the general movement of Kuropatkin's main army as well as from the present maneuvers of his larger flanking divisions, that the Russian general is trying to escape toward Mukden, but there is strong doubt that he will be able to do so.

GERMAN STEAMER THEA CASE.

Prize Court Holds Russians Were Justified in Sinking Vessel.

Vladivostok, Aug. 11.—The prize court has condemned the German steamer Thea, which was sunk by the Vladivostok squadron off the coast of Japan July 24 and declared that the Russian cruisers were justified in sinking the vessel. Evidence was produced that the Thea was chartered by a Japanese company, the Ghaikosanni Gossikail, and that since March 25 she has been engaged exclusively in the Japanese trade between Japanese ports. On this ground the court declared that she had lost all her rights as the vessel of a neutral nation, especially as her cargo, which consisted of fish, was intended for the use of the Japanese.

All is quiet in this region. Rain is beginning to fall.

LARGE FORCE AT MUKDEN.

Heavy Reinforcements of Russians Have Arrived There.

London, Aug. 11.—A correspondent of the Daily Mail, who visited Sinmin-tin, which is on neutral Chinese territory about thirty miles west of Mukden, cables the following, under date of Aug. 10:

"There is an enormous garrison at Mukden, reinforcements having arrived very rapidly.

"There are no Japanese north of the city. A force of some strength lies twenty-five miles to the south and there is another Japanese army five miles east of Liaoyang.

"I learn from a reliable source that the main Russian army has fallen back on Chutsu."

GETS FORMAL NOTICE

JUDGE PARKER INFORMED OF HIS NOMINATION BY ST. LOUIS CONVENTION.

IN SPEECH OF ACCEPTANCE

DEMOCRATIC CANDIDATE SETS FORTH HIS VIEWS ON ISSUES OF CAMPAIGN.

Esopus, N. Y., Aug. 11.—Judge Alton B. Parker Wednesday received formal notification of his nomination for the presidency of the United States as the candidate of the Democratic party and in accepting gave public expression for the first time of his views on the issues of the campaign.

The notification was brought to him by Representative Champ Clark of Missouri, as chairman of a committee representing every state and territory in the Union. Mr. Clark in a brief speech informed the candidate of his nomination and presented to him a formal communication signed by the committee.

Standing bareheaded during a brief lull in the rain storm which had lasted since noon after daylight, Judge Parker accepted the nomination and set forth his views in a speech that evoked frequent and hearty applause. He spoke for a little more than half an hour.

The ceremony was held on the lawn at Rosemount, under the trees at the north of the house and was attended by upwards of 600 people, the larger number of whom came from New York city with the notification committee on the steamer Sagamore. The company included many Democrats of national prominence as well as a large and representative delegation from Tammany Hall.

Rain Kept People Away.

There would have been a gala day gathering from Kingston and vicinity where perhaps the judge is best known, but the rain had been so heavy and continuous that few local people ventured forth.

During most of the time occupied by Champ Clark's speech the rain was falling in a steady drizzle, but it stopped entirely just as Judge Parker began his address, and held off until he finished.

Representative Clark was speaking and Judge Parker was standing bareheaded without shelter when a man in the crowd called:

"Somebody hold an umbrella over Judge Parker."

A number were immediately offered, but the judge refused them with a courteous wave of the hand.

"Justice for all, special privileges for none," said Mr. Clark, and the spectators showed their appreciation of the rally by a shout of laughter.

While Judge Parker was speaking there was no need of shelter. The rain stopped and not a breath of air stirred. In the stillness, every word could be heard distinctly to the farthest borders of the crowd.

It is long years since Judge Parker has been heard in a political speech, and to most of his hearers he was absolutely new in this capacity. They heard him with a keen interest, not unmixed with curiosity. The address was delivered in the clearest tones, in a voice seldom raised above the conversational pitch, but perfectly audible, nevertheless. His enunciation was distinct and his delivery exceedingly deliberate. He used few gestures, making his emphasis almost entirely with his voice. He adhered to the text of his written address.

The speech was heard with closest attention, and applause frequently punctuated it. The candidate's audience awoke to a high pitch of enthusiasm when he spoke of militarism and imperialism and said:

Not a Recent World Power.

"Ours is a world power, and as such it must be maintained, but I deny that it is at all recently that the United States has attained that eminence."

His pledge not to accept a second term if he were elected aroused instant interest, which increased to marked enthusiasm when the speaker went on to explain his position. Then the crowd seemed to yield to the force of his reasoning and at the end of a particularly telling period toward the close of the speech it gave the candidate the greatest demonstration of the afternoon. It looked as though every man, woman and child in the throng surrounding the platform had a small American flag and as they cheered, the waving flags almost concealed the occupants of the stand.

The speaker waited for the applause to subside and then made his few concluding remarks, finishing his address at 2:57. He began his address at 2:18 p. m.

As Judge Parker spoke his closing words the band struck up "The Star Spangled Banner," and from the deck of the yacht Sapphire in the river below a number of bombs were fired in salute. These bursting in the air, released parachutes from which were suspended the national colors. Later there were whistles from the steamer Sagamore and the yachts Sapphire and Scout.

After the ceremony all crowded up eagerly to shake the candidate's hand and to congratulate him upon his speech.

The reception was continued on the veranda until after 4 o'clock, when the company broke up and the visitors returned to their boats and trains.

WALDECK-ROUSSEAU IS DEAD.

Former French Premier Expires From an Operation.

Paris, Aug. 11.—Former Premier Waldeck-Rousseau died at 2:45 o'clock Wednesday afternoon at his country residence at Corbeil, eighteen miles from Paris, from the effects of an operation, which his medical attendants deemed to be a final necessity. A similar operation, which was performed in Paris some months ago, proved partially successful and the former premier was well enough to be removed to Corbeil, where it was hoped rest and the effect of the country air would restore his strength.

The evil, however, was not eradicated and M. Waldeck-Rousseau's condition during the past few days became much aggravated, the patient having frequent hallucinations and displaying extreme weakness. The family called in two famous liver specialists, Professor Hans Kehr, a German, and Dr. Armour, a Canadian surgeon, who decided that since the liver had ceased to perform its functions an immediate operation was the only hope of saving the patient's life. The operation was performed under chloroform by Professor Kehr, assisted by Dr. Armour and three French surgeons. It at first appeared that the operation would prove successful, but the pulse became more feeble and despite the administration of injections of serum, M. Waldeck-Rousseau gradually sank and died without regaining consciousness.

REPUBLICANS OF IDAHO.

Nominate Frank R. Gooding of Lincoln County for Governor.

Moscow, Ida., Aug. 11.—The Idaho Republican state convention met Wednesday. The opening address was made by United States Senator Heyburn. Colonel J. W. James of Fremont, the caucus nominee of the forces opposing the nomination of Governor Morrison, was elected temporary chairman without opposition.

Frank R. Gooding of Lincoln county was nominated for governor, defeating Governor Morrison, who was a candidate for renomination, 195 to 90. L. N. Sullivan, chief justice of the supreme court, was renominated.

Congressman Burton L. French was renominated, defeating Charles W. Beale of Wallace, 198 to 77.

The platform is silent on the Mormon question.

CANADIANS HOLD CUP

AMERICAN CHALLENGER FAILS TO WIN THE SEAWANHAKA TROPHY.

Montreal, Aug. 11.—The Canadian yacht Noorna won the fifth of the series and deciding race Wednesday, defeating White Bear, the American challenger, by 2 minutes and 48 seconds, and the Royal St. Lawrence Yacht club retains possession of the much coveted Seawanhaka cup. Although there was quite a difference between the pair at the finish, it was a shift of conditions that gave the race to Noorna. As the yachts jockeyed at the start there was a fair eight-knot breeze with very little sea, and while this continued during the first round, White Bear led. The challenger had a substantial lead on the first beat and although some of it was lost on the run the American boat was some distance ahead when the leeward mark was reached. While beating up to the second time the wind freshened up to twelve knots and kicked up a fuss on the lake. White Bear failed to weather this so well and was outfooted to the mark. White Bear did well on the run, but when they went about, Noorna had the best of it all through.

FUSION IN NEBRASKA.

Democrats and Populists Unite to Form State Ticket.

Lincoln, Neb., Aug. 11.—An agreement looking to fusion on the state ticket was effected early Thursday morning by Nebraska Democrats and Populists in their state conventions after many hours of conferences between committees representing the two parties and at times acrimonious debates in the separate conventions. A strong Populist minority opposed fusion on any basis except Democratic endorsement of the Watson and Tibbles electors, but this was met with an emphatic refusal from the Democrats and a counter proposal for an equitable division of the state officers and this was finally accepted. The Populists thereupon nominated George W. Berge of Lincoln for governor.

The Democrats, at 1:50 a. m., endorsed the nomination of Berge.

SHERIFFS TO MEET IN ST. PAUL.

Next Convention of Their Association Will Be Held in Sainly City.

St. Louis, Aug. 11.—Interstate Sheriffs' association adjourned Wednesday after deciding upon St. Paul, Minn., as the place for the next convention and electing the following officers:

President, J. W. Dreger, Minneapolis, Minn.; vice president, Joseph H. Francis, Morris, Ill.; secretary-treasurer, Frank Trumbo, Ottawa, Ill.

Autos Reach St. Louis.

St. Louis, Aug. 11.—The army of automobilists coming from the East to visit the world's fair, arrived Wednesday. Among the first to ride over the Eads bridge was a car from Philadelphia in which were W. B. Saunders and J. J. Lagnhey, who had been on the way two weeks.

Fall of Port Arthur and Defeat of Kuropatkin Will Not Daut Russia.

St. Petersburg, Aug. 11.—Discounting the fall of Port Arthur and the disastrous defeat of General Kuropatkin at the hands of the combined Japanese armies, some diplomats are already speculating upon the situation in which the combatants would be left and the question as to whether it is possible that way would be opened for peace. "There is an enormous garrison at Mukden, reinforcements having arrived very rapidly.

"There are no Japanese north of the city. A force of some strength lies twenty-five miles to the south and there is another Japanese army five miles east of Liaoyang.

"I learn from a reliable source that the main Russian army has fallen back on Chitau."

GETS FORMAL NOTICE

JUDGE PARKER INFORMED OF
HIS NOMINATION BY ST.
LOUIS CONVENTION.

IN SPEECH OF ACCEPTANCE

DEMOCRATIC CANDIDATE SETS
FORTH HIS VIEWS ON IS-
SUES OF CAMPAIGN.

Esopus, N. Y., Aug. 11.—Judge Alton B. Parker Wednesday received formal notification of his nomination for the presidency of the United States as the candidate of the Democratic party and in accepting gave public expression for the first time of his views on the issues of the campaign.

The notification was brought to him by Representative Champ Clark of Missouri, as chairman of a committee representing every state and territory in the Union. Mr. Clark in a brief speech informed the candidate of his nomination and presented to him a formal communication signed by the committee.

Standing bareheaded during a brief lull in the rain storm which had lasted since soon after daylight, Judge Parker accepted the nomination and set forth his views in a speech that evoked frequent and hearty applause. He spoke for a little more than half an hour.

The ceremony was held on the lawn at Rosemount, under the trees at the north of the house and was attended by upwards of 600 people, the larger number of whom came from New York city with the notification committee on the steamer Sagamore. The company included many Democrats of national prominence as well as a large and representative delegation from Tammany Hall.

Rain Kept People Away.

There would have been a gala day gathering from Kingston and vicinity where perhaps the judge is best known, but the rain had been so heavy and continuous that few local people ventured forth.

During most of the time occupied by Champ Clark's speech the rain was falling in a steady drizzle, but it stopped entirely just as Judge Parker began his address, and held off until he finished.

Representative Clark was speaking and Judge Parker was standing bareheaded without shelter when a man in the crowd called:

"Somebody hold an umbrella over Judge Parker."

A number were immediately offered, but the judge refused them with a courteous wave of the hand.

"Justice for all, special privileges for none," said Mr. Clark, and the spectators showed their appreciation of the sally by a shout of laughter.

While Judge Parker was speaking there was no need of shelter. The rain stopped and not a breath of air stirred. In the stillness, every word could be heard distinctly to the farthest borders of the crowd.

It is long years since Judge Parker has been heard in a political speech, and to most of his hearers he was absolutely new in this capacity. Not a Recent World Power.

"Ours is a world power, and as such it must be maintained, but I deny that it is at all recently that the United States has attained that eminence."

His pledge not to accept a second term if he were elected aroused instant interest, which increased to marked enthusiasm when the speaker went on to explain his position. Then the crowd seemed to yield to the force of his reasoning and at the end of a particularly telling period toward the close of the speech it gave the candidate the greatest demonstration of the afternoon. It looked as though every man, woman and child in the throng surrounding the platform had a small American flag and as they cheered, the waving flags almost concealed the occupants of the stand. The speaker waited for the applause to subside and then made his few concluding remarks, finishing his address at 2:57. He began his address at 2:18 p. m.

As Judge Parker spoke his closing words the hand struck up "The Star Spangled Banner," and from the deck of the yacht Sapphire in the river below a number of bombs were fired in salute. These bursting in the air, released parachutes from which were suspended the national colors. Later there were whistles from the steamer Sagamore and the yachts Sapphire and Scout.

After the ceremony all crowded up eagerly to shake the candidate's hand and to congratulate him upon his speech.

The reception was continued on the veranda until after 4 o'clock, when the company broke up and the visitors returned to their boats and trains.

WALDECK-ROUSSEAU IS DEAD.

Former French Premier Expires From an Operation.

Paris, Aug. 11.—Former Premier Waldeck-Rousseau died at 2:45 o'clock Wednesday afternoon at his country residence at Corbell, eighteen miles from Paris, from the effects of an operation, which his medical attendants deemed to be a final necessity. A similar operation, which was performed in Paris some months ago, proved partially successful and the former premier was well enough to be removed to Corbell, where it was hoped rest and the effect of the country air would restore his strength.

The evil, however, was not eradicated and M. Waldeck-Rousseau's condition during the past few days became much aggravated, the patient having frequent hallucinations and displaying extreme weakness. The family called in two famous liver specialists, Professor Hans Kehr, a German, and Dr. Armour, a Canadian surgeon, who decided that since the liver had ceased to perform its functions an immediate operation was the only hope of saving the patient's life. The operation was performed under chloroform by Professor Kehr, assisted by Dr. Armour and three French surgeons. It at first appeared that the operation would prove successful, but the pulse became more feeble and despite the administration of injections of serum, M. Waldeck-Rousseau gradually sank and died without regaining consciousness.

REPUBLICANS OF IDAHO.

Nominate Frank R. Gooding of Lincoln County for Governor.

Moscow, Ida., Aug. 11.—The Idaho Republican state convention met Wednesday. The opening address was made by United States Senator Heyburn. Colonel J. W. James of Fremont, the caucus nominee of the forces opposing the nomination of Governor Morrison, was elected temporary chairman without opposition.

Frank R. Gooding of Lincoln county was nominated for governor, defeating Governor Morrison, who was a candidate for renomination, 195 to 90.

L. N. Sullivan, chief justice of the supreme court, was renominated.

Congressman Burton L. French was renominated, defeating Charles W. Beale of Wallace, 198 to 77.

The platform is silent on the Mormon question.

CANADIANS HOLD CUP

AMERICAN CHALLENGER FAILS
TO WIN THE SEAWANHAKA
TROPHY.

Montreal, Aug. 11.—The Canadian yacht Noorna won the fifth of the series and deciding race Wednesday, defeating White Bear, the American challenger, by 2 minutes and 48 seconds, and the Royal St. Lawrence Yacht club retains possession of the much coveted Seawanhaka cup. Although there was quite a difference between the pair at the finish, it was a shift of conditions that gave the race to Noorna. As the yachts jockeyed at the start there was a fair eight-knot breeze with very little sea, and while this continued during the first round, White Bear led. The challenger had a substantial lead on the first beat and although some of it was lost on the run, the American boat was some distance ahead when the leeward mark was reached. While beating up to the second time the wind freshened up to twelve knots and kicked up a fuss on the lake. White Bear failed to weather this so well and was outfooted to the mark. White Bear did well on the run, but when they went about Noorna had the best of it all through.

FUSION IN NEBRASKA.

Democrats and Populists Unite to Form State Ticket.

Lincoln, Neb., Aug. 11.—An agreement looking to fusion on the state ticket was effected early Thursday morning by Nebraska Democrats and Populists in their state conventions after many hours of conferences between committees representing the two parties and at times acrimonious debates in the separate conventions. A strong Populist minority opposed fusion on any basis except Democratic endorsement of the Watson and Tibbles electors, but this was met with an emphatic refusal from the Democrats and a counter proposal for an equitable division of the state officers and this was finally accepted. The Populists thereupon nominated George W. Berge of Lincoln for governor.

The Democrats, at 1:50 a. m., endorsed the nomination of Berge.

SHERIFFS TO MEET IN ST. PAUL.

Next Convention of Their Association Will Be Held in Sainly City.

St. Louis, Aug. 11.—Interstate Sheriffs' association adjourned Wednesday after deciding upon St. Paul, Minn., as the place for the next convention and electing the following officers:

President, J. W. Dreger, Minneapolis, Minn.; vice president, Joseph H. Francis, Morris, Ill.; secretary-treasurer, Frank Trumbo, Ottawa, Ill.

Autos Reach St. Louis.

St. Louis, Aug. 11.—The army of automobilists coming from the East to visit the world's fair, arrived Wednesday. Among the first to ride over the Eads bridge was a car from Philadelphia in which were W. B. Saunders and J. J. Laghney, who had been on the way two weeks.

THE new state capitol will be finished in time for occupancy by the legislature that meets in January, 1905. The successful candidate this fall will have the honor of dedicating one of the finest buildings in the northwest.

SPEAKER CANNON will make two addresses in Minnesota during the campaign, and Chairman Tawney of the national committee on speakers says that Minnesota will be well taken care of in the allotment of speakers this fall.

THE democrats appear to have decided on J. A. Johnson, of St. Peter, as the lamb for the slaughter, and while Johnson is a good fellow, almost too good to run on the democratic ticket, he might as well be the sacrifice as anyone we know of. Just why the conference was a secret one and the result not desired to be made public no one seems to know, but Johnson will not be elected governor this year.

SUPPORTS ROOSEVELT.

In a lengthy article announcing that it would support the republican national ticket the Bee says, among other things: "The Bee can say of Theodore Roosevelt that the trusts do not want him, while they do want Parker. "And it can say of the republican platform that whenever there was anything to be said on any public issue, it said it. It did not hesitate and stammer and stutter and finally put out a long farrago of words, saying much and meaning nothing; nor did it smother the question altogether, on the ground that there were no votes to be got by injuring anybody's feelings on either side. "The republican platform stands out in the open and says: 'Here I am. You can either take me or leave me.' "And the Bee chooses Theodore Roosevelt in preference to Alton Brooks Parker."

HUNTING FOR TALISMANS.

An American's Odd Expedition to an East Indian Temple.
When the late Professor Sommerville of the University of Pennsylvania, the learned collector of gems, charms and mascots, had set his mind on some curious heard of in one of his meetings with oriental, nothing could bar the way. Were it in the center of the desert of Sahara or on the topmost pinnacle of the Himalaya mountains, he would go after it and keep up the search until the treasure was found, purchased and placed on exhibition at the university museum.
American gold was Professor Sommerville's magnet wherever he went. He thus described its effect on one of his expeditions: "On one occasion we desired to visit the famous Dilwarra temples in India, and for that purpose engaged two jinnishas and a number of natives to draw them, about twelve in all. The temples, as you know, are set in a magnificent grove of mango trees on a mountain top and surrounded by great hills. With a fair measure of tact and money I hoped to secure from the people of the vicinity some of their odd talismans and rings. I said to the chief rickshaw man: 'Now, Lala, what will you do for me if I double your pay? I want to make this journey in half time, and if you accomplish it you shall be doubly paid.' "He went to his helpers at once and informed them that I was a prince. We started out under the contract. He ran ahead of the convey, raising both hands in the air and crying to the astounded people: 'Here comes a prince. Down with you. Here comes a prince.' "And during the entire twelve miles ride I was treated to the un-American experience of seeing the people cover their faces and drop abjectly to the ground in obeisance and salutation, only daring to look at me through their parted fingers. But my amusement at this being treated as a prince was nothing to the gratification I experienced in securing from this people—who did not dare to refuse so august a personage as I—some of the most interesting inscribed talismans that I have in my collection."—Booklovers' Magazine.

A farmer employed an industrious Irishman for five years at the rate of \$50 a month "and found"—board, lodging, washing and mending. At the end of the term he said to his man: "I can't afford to pay you the wages I have been paying. You have saved money, and I have saved nothing. At this rate you will soon own my farm." "Then I'll hire you to work for me," said the other, "and you can get your farm back again!"—Success.

Hawaii's Dusky King.

William N. Armstrong, who was attorney general under King Kalakaua of Hawaii, in an amusing volume about that monarch says: "It is a singular trait of the Hawaiians to avoid the use of English when sober, but when drunk to use it with much volubility. The king's immediate predecessor on the throne, Lunallilo, when in liquor would often refuse to converse with his native relatives in the native language, but addressed them in English and directed an interpreter to translate his speech and, on the other hand, required a translation in English of their conversation in Hawaiian. The king's remarkable memory furnished him with a considerable vocabulary of uncommon words. Alcohol seemed to open that part of his brain where they were stored, especially when, like the moon, he was at the third quarter and coming to the 'full.' On one occasion the use of the words 'hippodramatic performance' secured to him the prestige of a learned man."

The Joys of Poverty.

It's all nonsense for rich folks to harangue about the stimulating force of poverty in character building. It hasn't any, and they know it. Poor races are always weak. Too much income gives fatty degeneration. Too little produces emaciation. In the forced overhaste for bread there's little opportunity for intellectual betterment. Shakespeare couldn't have dug claims for a living at present prices and have written never to be forgotten dramas. The overwork of poverty's necessity doesn't give the brain a progressive chance.—Hayfield Mower.

HAD AMBITIONS FOR WEST POINT

But Fortune Ruled Otherwise and Edward Engrud is now Judge of a Supreme Bench

TOOK EXAMINATION HERE

Over Twenty Years Ago but Came out Second and at that Time was Disappointed

The old thought that defeat is sometimes the making of men and that in the end this defeat, through the trend of personal strifes and conflicts, finally turns to victory is aptly illustrated in the life of Judge Edward Engrud, of Fargo, who passed through to city today, for the Goddess of Fortune has smiled benignly on him, though he is yet but a young man.

Attorney Engrud, until a few weeks ago, was an attorney at Fargo. He was named at the republican convention at Grand Forks for the nomination of judge of the supreme bench and almost at the same time Judge Cochran, who was on the bench, died. Governor White has just appointed Mr. Engrud to fill the unexpired term and he will take his seat about the first of the month, and there is little doubt that he will be elected this fall.

Just twenty years ago Mr. Engrud was a struggling youngster of Battle Lake, this state, and he came to Brainerd one day to take the examination for West Point. He worked like a Trojan but was defeated in his attempt, a young man by the name of Howard, of Sauk Centre being the successful candidate.

In all probability Howard is still in the service of Uncle Sam, but it is dollars to doughnuts that it is a long pull for him before he will do anything to even gain recognition. On the other hand Edward Engrud is about to step into the exalted position of judge of the supreme court, one of the loftiest positions at the hands of the state.

THE WALVERMAN BLOCK ALL TAKEN

L. M. Koop Moves into Her New Store With a New Stock this Morning

OTHER FIRMS RENT ROOMS

J. P. Early Rents East Room and Will Open a First Class Grocery Store.

As an indication of the demand for good store room in Brainerd, the snapping up of all available room in the Walverman block is cited as an instance. All the store rooms in this building, three of them, and the basement, two rooms, have been rented and in each instance the firms are among the best in the city.

Mrs. L. M. Koop has rented the store room on the west side and opened up this morning for the first time. She has a complete new stock of goods and when she gets everything arranged will have one of the finest exclusive dry goods stores in the northern part of the state. She will employ a competent corps of clerks and the trade will be taken care of with every consideration.

H. W. Linneman, who, as has been previously announced, rented the next store east of Mrs. Koop, has ordered a complete new line of clothing and boots and shoes and he expects to get started some time around the first of the month.

J. P. Early has rented the east store room and will open a first class grocery store, putting in a new line throughout of fancy and staple goods.

Mr. Early has been a resident of this city for a long time, and was for years in the grocery business, for a time with J. W. Koop, afterwards on the road for the wholesale house and later with E. C. Bane on Seventh street. He is a man of considerable experience in this line and should make a go of it from the beginning.

The basement under the Koop and Linneman stores has also been rented. T. C. Mann, who travels on the road for a firm who manufactures a computing scale in the east, has rented this basement and he will put in a swell billiard parlor. This will be one of the finest parlors in the country, according to his statement. Mr. Mann will not quit the road but his two sons who are young men grown will conduct the business.

Miss Marie Canan, who burned out in the Reilly fire has taken a beautiful suite of rooms upstairs for her studio and will move in as soon as they are ready.

J. H. Welliver moved into his elegant new barber shop several days ago and this completes the list and fills the new building except of course some of the rooms on the second floor.

The building is one of the handsomest in the city and is a decided improvement to Front street. The building cost \$20,000 and was erected by the well known contractors on Laurel, White Bros.

BETTER CAR SERVICE

New Terminals at State Fair Grounds Will Aid to Public Comfort and Convenience of Patrons

One of the most important improvements at the Minnesota State Fair grounds this year is the new street railroad terminal station, which will make it possible for visitors to travel to and from the fair—from Minneapolis and St. Paul—with perfect comfort. A system of loops and storage tracks has been constructed at enormous expense. Operation of this system will be such that passengers will alight almost in the center of the fair grounds and within 200 yards of the grand stand. When leaving the grounds there will be found electric cars always standing ready, and at the close of the afternoon and evening performances there will be about 150 cars waiting on the storage tracks and with gates open so that they may be boarded at once. This great supply of cars on the storage tracks will remove the possibility of discomfort when leaving the grounds.

The state fair will be held this year from August 29 to Sept. 3rd. Half fair rates made on all railroads.

GIGANTIC DEAL FOR WATER POWER

Condemnation Proceedings Before Judge McClenahan Develops Interesting Data

WATER POWER FOR DULUTH

Project to Get the Water Clear from Rainy by Building Several Canals

There is a hearing in chambers before Judge McClenahan in this city today which involves a very important project in which the city of Duluth is concerned and which will affect the interests of that commercial center to a degree little dreamed of at the present time, for the object of the proceedings has to do with the establishment and maintenance of a gigantic water power plant in that city.

The proceedings in this city are brought by the Minnesota Canal and Power company represented by Senator Baldwin and Attorney O. H. Simmonds, of Duluth and E. S. Dument, of St. Paul. Attorney C. J. Rockwood, of Minneapolis, is looking after the interests of the people of Koochoching in the matter.

They are condemnation proceedings, which have as their prime object the draining of water from Rainy Lake and running it down to the city of Duluth to be used for an immense water power plant, and the company that has the project has increased its capital stock to \$15,000,000.

The project is to connect the lakes and rivers north by dams running the water into the St. Louis river and thence down to Duluth. The scheme as outlined by one of the witnesses in the case is a feasible one, but those who are interested in the water power at Koochoching object to the building of canals and dams as it will effect their own water power and they are using all expedient means to check the formation of such a scheme.

In the first instance it is proposed to reverse the flow of water from Birch lake into Rainy lake. The waters from Birch lake flow north and the object is to reverse them by building canals so that they will run south. There is no connection between Birch lake and any of the other small streams which empty into the St. Louis river so it is proposed to build a canal from the lake to Embarras river, running the water right down into the St. Louis.

The water will then flow down the St. Louis river to a point above Cloquet where it is proposed to build another dam and run a canal from there to the heights west of Duluth. This is done on account of the many little rapids and falls below Cloquet.

This in general is the scheme which is under way and, as stated by one of the gentlemen interested, it will give Duluth one of the most modern power plants in the world. At the heights west of Duluth it is estimated there will be a water fall of at least 600 feet.

The canals, if built, will be fifty feet wide at the top, 24 feet wide at the bottom and will be 7 1/2 feet deep.

It is also said that the improvement will be made with the view to perfecting an outlet for the logs from the Rainy lake country. It is stated that the canals to be built with the flow of water that can be secured in this manner will be capable of carrying from five to ten million feet of logs.

The project is a big one and will involve millions of dollars.

BETTER CAR SERVICE

New Terminals at State Fair Grounds Will Aid to Public Comfort and Convenience of Patrons

One of the most important improvements at the Minnesota State Fair grounds this year is the new street railroad terminal station, which will make it possible for visitors to travel to and from the fair—from Minneapolis and St. Paul—with perfect comfort. A system of loops and storage tracks has been constructed at enormous expense. Operation of this system will be such that passengers will alight almost in the center of the fair grounds and within 200 yards of the grand stand. When leaving the grounds there will be found electric cars always standing ready, and at the close of the afternoon and evening performances there will be about 150 cars waiting on the storage tracks and with gates open so that they may be boarded at once. This great supply of cars on the storage tracks will remove the possibility of discomfort when leaving the grounds.

The state fair will be held this year from August 29 to Sept. 3rd. Half-fair rates made on all railroads.

Died at St. Joseph's--Chas. E. Norris of Motley Passes Away

Last night at 6 o'clock Mrs. Edward Achenbaugh, of Bemidji, died at St. Joseph's hospital following a very critical operation. Mr. and Mrs. Ted Smith, of Bemidji, arrived in the city this noon and the remains were taken back to Bemidji for burial.

Charles E. Norris, of Motley, died this morning about 3 o'clock at the N. P. Sanitarium. He is the man who was injured while riding on a hand car near Motley a short time ago. He leaves a wife and eleven children. The Odd Fellows, of which order he was a member, took charge of the remains here and shipped them to Motley for burial.

GIGANTIC DEAL FOR WATER POWER

Condemnation Proceedings Before Judge McClenahan Develops Interesting Data

WATER POWER FOR DULUTH

Project to Get the Water Clear from Rainy by Building Several Canals

There is a hearing in chambers before Judge McClenahan in this city today which involves a very important project in which the city of Duluth is concerned and which will affect the interests of that commercial center to a degree little dreamed of at the present time, for the object of the proceedings has to do with the establishment and maintenance of a gigantic water power plant in that city.

The proceedings in this city are brought by the Minnesota Canal and Power company represented by Senator Baldwin and Attorney O. H. Simmonds, of Duluth and E. S. Dument, of St. Paul. Attorney C. J. Rockwood, of Minneapolis, is looking after the interests of the people of Koochoching in the matter.

They are condemnation proceedings, which have as their prime object the draining of water from Rainy Lake and running it down to the city of Duluth to be used for an immense water power plant, and the company that has the project has increased its capital stock to \$15,000,000.

The project is to connect the lakes and rivers north by dams running the water into the St. Louis river and thence down to Duluth. The scheme as outlined by one of the witnesses in the case is a feasible one, but those who are interested in the water power at Koochoching object to the building of canals and dams as it will effect their own water power and they are using all expedient means to check the formation of such a scheme.

In the first instance it is proposed to reverse the flow of water from Birch lake into Rainy lake. The waters from Birch lake flow north and the object is to reverse them by building canals so that they will run south. There is no connection between Birch lake and any of the other small streams which empty into the St. Louis river so it is proposed to build a canal from the lake to Embarras river, running the water right down into the St. Louis.

The water will then flow down the St. Louis river to a point above Cloquet where it is proposed to build another dam and run a canal from there to the heights west of Duluth. This is done on account of the many little rapids and falls below Cloquet.

This in general is the scheme which is under way and, as stated by one of the gentlemen interested, it will give Duluth one of the most modern power plants in the world. At the heights west of Duluth it is estimated there will be a water fall of at least 600 feet.

The canals, if built, will be fifty feet wide at the top, 24 feet wide at the bottom and will be 7 1/2 feet deep.

It is also said that the improvement will be made with the view to perfecting an outlet for the logs from the Rainy lake country. It is stated that the canals to be built with the flow of water that can be secured in this manner will be capable of carrying from five to ten million feet of logs.

The project is a big one and will involve millions of dollars.

STRIKE MAY BE ENDED

**DETERMINED EFFORT IS BEING
MADE TO SETTLE PACKING-
HOUSE TROUBLE.**

**BUSINESS MEN ARE AT WORK
ENDEAVORING TO BRING ABOUT
A CONFERENCE BETWEEN
THE DISPUTANTS.**

Chicago, Aug. 11.—Determined ef-
forts are now being made to settle the
stockyards strike by mediation. Ne-
gotiations between the Retail Butch-
ers and Grocers' association and rep-
resentatives of several labor unions,
which would undoubtedly be involved
in the strike should it be prolonged
much longer, resulted last night in the
appointment of a committee composed
of those who attended the meeting to
negotiate with the packers today in an
attempt to bring about a joint meet-
ing between the employers and the
striking unions. It was the senti-
ment of all who attended the meet-
ing that should the meeting be ar-
ranged between the two opposing
interests, a settlement satisfactory to
both sides could be reached. Mean-
time Samuel Gompers, president of
the American Federation of Labor, has
been summoned from New York to
come to Chicago and see if he cannot
accomplish something through medi-
ation. Mr. Gompers will arrive here
Sunday morning.

Wednesday's meeting with the
union leaders was called at the in-
stance of the Butchers and Grocers'
association because of the difficulty
and inconvenience which would be
caused the members of the associa-
tion should the strike be spread to the
Ice Wagon Drivers and Meat Wagon
Drivers' unions.

Meeting of Business Men.
It was primarily a meeting of busi-
ness men whose interests are not di-
rectly affected by the strike and of
representatives of the unions which
would be drawn into the issue be-
tween the packers and the strikers
against the order declaring a boycott
should the meat markets that are
buying directly from the packers be
indorsed by the teamsters' joint coun-
cil.

When the packers were told of the
intended visit of the intermediary
committee, all of them declined to
make any comment on what, if any,
success might be expected from the
meeting.

"We cannot very well discuss this
matter," said one of the packers' rep-
resentatives, "until we have had some
official notification as to what is ex-
pected of us at the meeting. We now
have our affairs in a better condition
than at any time since this strike was
declared and as for myself I am un-
able to see just on what grounds we
could meet the strikers, as the strug-
gle has reached the stage where we
can get along very well, should the
strikers never decide to surrender."

Under the direction of Mayor Har-
rison, who was urged to take steps
by a committee of labor leaders and
several aldermen, an investigation in-
to the sanitary condition of the various
packing plants where strike breakers
are being housed was begun Wednes-
day. Several of the plants were
visited but no flagrant violations of
the law were found.

FIREMEN ORDERED OUT.
Will Join Striking Butchers in New
York City.

Washington, Aug. 11.—President
Timothy Healy of the International
Brotherhood of Stationary Firemen
has ordered a sympathetic strike of
firemen in the New York packing-
houses. About eighty-five will go out
under this order.

The butchers of the so-called trust
plants are already out.
In New York 200 strike-breakers des-
tined for the plant of Schwarzhild &
Sulzberger, were attacked by a num-
ber of beef workers and completely
routed, several of them being badly
beaten and others jumped into East
river, from which they were rescued
with difficulty.

SPRING WHEAT DECLINES.
Condition Not So Good as It Was Last
Month.

Washington, Aug. 11.—The monthly
report of the chief of the bureau of
statistics of the department of agri-
culture will show the condition of
corn on Aug. 1 to have been 87.3, as
compared with 86.4 last month, 78.7
on Aug. 1, 1903.

Preliminary returns indicate a win-
ter wheat crop of about 333,400,000
bushels; or an average of 12.3 bushels
per acre, as compared with 12.3 bushels
per acre last year, as finally estimated.
The average condition of spring
wheat on Aug. 1 was 87.5, as com-
pared with 93.7 last month, 77.1 on
Aug. 1, 1903, and a ten year August
average of 81.2.

Rust has made its appearance in a
number of counties in the Northwest,
but except as to South Dakota it is
chiefly in late or supplemental reports
that reference is made to it, and such
reports being somewhat conflicting in
character it is evidently too early to
estimate definitely the extent of the
damage resulting from it.

Society Woman Killed.
Chicago, Aug. 11.—Miss Grace Greg-
ory, a young society woman and
daughter of Robert B. Gregory, a
prominent business man, was killed
in the suburb of Lake Forest by being
thrown from her horse when the ani-
mal shied at a passing train.

Son of Wealthy Man Suicides.
Chicago, Aug. 11.—Dan Duident be-
cause he believed himself the victim
of an incurable disease, William R.
Manz, son of the wealthy president
of the J. Manz Engraving company,
swallowed poison and died an hour
afterward.

ROOSEVELT AND TAWNEY MEET.

Minnesota Man Tells the President of
Conditions in the West.

Washington, Aug. 11.—President
Roosevelt had as his guests at dinner
Secretaries Hay and Morton, Attorney
General Moody and Secretary Loeb.
Following the dinner there was a po-
litical conference lasting until after 11
o'clock, participated in by mem-
bers of the cabinet present at the din-
ner and Congressman James A. Tan-
ney of Minnesota. The president was
anxious that the cabinet members
should meet Mr. Tawney for the pur-
pose of exchanging views. Mr. Tan-
ney is fresh from the West and was
able to give the president much in-
formation that he desired regarding
conditions in that section of the coun-
try.

Many More Missing as a Result of
Colorado Wreck.

Pueblo, Colo., Aug. 11.—Two more
missing bodies were recovered
Wednesday by the searching party
which is at work seeking the remain-
ing victims of the wreck at Eden Sta-
tion last Sunday night. The bodies
have been identified as those of Min-
neapolis, Minn., and of Pueblo.
Rumors reached this city late in the
afternoon that some bodies had been
found under the wreckage, but they
could not be verified. This brings
the total number of identified dead to
seventy-seven, unidentified dead to
seventy-two, and the reported
missing twelve.

HULL OF STEAMSHIP FOUND.
Nome Liner Discovery Was Wrecked
Near Valdez.

Seattle, Wash., Aug. 11.—The hull
of the Nome steamship Discovery is
lying on the inner side of Middleton
Island near Valdez. On a recent
cruise in northern waters, the steam-
er tender Pacific, of the Alaska Pack-
ers' association, cruised close to Mid-
dleton Island and there saw the hull
of the Discovery. The officers report-
ed at Valdez that the hull is high up
above the ordinary water line and was
no doubt landed there in a heavy
storm. When the steamship Discov-
ery went down in November, 1903, be-
tween twenty-five and forty persons
met death.

STRIKE MAY BE ENDED

DETERMINED EFFORT IS BEING MADE TO SETTLE PACKING-HOUSE TROUBLE.

BUSINESS MEN ARE AT WORK ENDEAVORING TO BRING ABOUT A CONFERENCE BETWEEN THE DISPUTANTS.

Chicago, Aug. 11.—Determined efforts are now being made to settle the stockyards strike by mediation. Negotiations between the Retail Butchers and Grocers' association and representatives of several labor unions, which would undoubtedly be involved in the strike should it be prolonged much longer, resulted last night in the appointment of a committee composed of those who attended the meeting to negotiate with the packers today in an attempt to bring about a joint meeting between the employers and the striking unions. It was the sentiment of all who attended the conference that should the meeting be arranged between the two opposing interests, a settlement satisfactory to both sides could be reached. Meanwhile Samuel Gompers, president of the American Federation of Labor, has been summoned from New York to come to Chicago and see if he cannot accomplish something through mediation. Mr. Gompers will arrive here Sunday morning.

Wednesday's meeting with the union leaders was called at the instance of the Butchers and Grocers' association because of the difficulty and inconvenience which would be caused the members of the association should the strike be spread to the Ice Wagon Drivers and Meat Wagon Drivers' unions.

Meeting of Business Men.

It was primarily a meeting of business men whose interests are not directly affected by the strike and of the representatives of the unions which would be drawn into the issue between the packers and the strikers should the order declaring a boycott against the meat markets that are buying directly from the packers be endorsed by the teamsters' joint council.

When the packers were told of the intended visit of the intermediary committee, all of them declined to make any comment on what, if any, success might be expected from the meeting.

"We cannot very well discuss this matter," said one of the packers' representatives, "until we have had an official notification as to what is expected of us at the meeting. We now have our affairs in a better condition than at any time since this strike was declared and as for myself I am unable to see just on what grounds we could meet the strikers, as the struggle has reached the stage where we can get along very well, should the strikers never decide to surrender."

Under the direction of Mayor Harrison, who was urged to take steps by a committee of labor leaders and several aldermen, an investigation into the sanitary condition of the various packing plants where strike breakers are being housed was begun Wednesday. Several of the plants were visited but no flagrant violations of the law were found.

FIREMEN ORDERED OUT.

Will Join Striking Butchers in New York City.

Washington, Aug. 11.—President Timothy Healy of the International Brotherhood of Stationary Firemen has ordered a sympathetic strike of firemen in the New York packing-houses. About eighty-five will go out under this order.

The butchers of the so-called trust plants are already out.

In New York 200 strike-breakers destined for the plant of Schwarzschild & Sulzberger, were attacked by a number of beef workers and completely routed, several of them being badly beaten and others jumped into East river, from which they were rescued with difficulty.

SPRING WHEAT DECLINES.

Condition Not So Good as It Was Last Month.

Washington, Aug. 11.—The monthly report of the chief of the bureau of statistics of the department of agriculture will show the condition of corn on Aug. 1 to have been 87.3, as compared with 86.4 last month, 78.7 on Aug. 1, 1903.

Preliminary returns indicate a winter wheat crop of about 333,400,000 bushels; or an average of 12.3 bushels per acre, as compared with 12.3 bushels per acre last year, as finally estimated.

The average condition of spring wheat on Aug. 1 was 87.5, as compared with 93.7 last month, 77.1 on Aug. 1, 1903, and a ten year August average of 81.2.

Rust has made its appearance in a number of counties in the Northwest, but except as to South Dakota it is chiefly in late or supplemental reports that reference is made to it, and such reports being somewhat conflicting in character it is evidently too early to estimate definitely the extent of the damage resulting from it.

Society Woman Killed.

Chicago, Aug. 11.—Miss Grace Gregory, a young society woman and daughter of Robert B. Gregory, a prominent business man, was killed in the suburb of Lake Forest by being thrown from her horse when the animal shied at a passing train.

Son of Wealthy Man Suicides.

Chicago, Aug. 11.—Despondent because he believed himself the victim of an incurable disease, William R. Manz, son of the wealthy president of the J. Manz Engraving company, swallowed poison and died an hour afterward.

ROOSEVELT AND TAWNEY MEET.

Minnesota Man Tells the President of Conditions in the West.

Washington, Aug. 11.—President Roosevelt had as his guests at dinner Secretaries Hay and Morton, Attorney General Moody and Secretary Loeb. Following the dinner there was a political conference lasting until after 11 o'clock, participated in by the members of the cabinet present at the dinner and Congressman James A. Tawney of Minnesota. The president was anxious that the cabinet members should meet Mr. Tawney for the purpose of exchanging views. Mr. Tawney is fresh from the West and was able to give the president much information that he desired regarding conditions in that section of the country.

SEVENTY-EIGHT ARE DEAD.

Many More Missing as a Result of Colorado Wreck.

Pueblo, Colo., Aug. 11.—Two more missing bodies were recovered Wednesday by the searching party which is at work seeking the remaining victims of the wreck at Eden Station last Sunday night. The bodies have been identified as those of Minnie Davis, nineteen years old, and Miss Margaret Kelly, both of Pueblo. Rumors reached this city late in the afternoon that some bodies had been found under the wreckage, but they could not be verified. This brings the total number of identified dead to seventy-seven, unidentified one, known missing twenty, and the reported missing twelve.

HULL OF STEAMSHIP FOUND.

Nome Liner Discovery Was Wrecked Near Valdez.

Seattle, Wash., Aug. 11.—The hull of the Nome steamship Discovery is lying on the inner side of Middleton island near Valdez. On a recent cruise in northern waters, the steamer tender Pacific, of the Alaska Packers' association, cruised close to Middleton island and there saw the hull of the Discovery. The officers reported at Valdez that the hull is high up above the ordinary water line and was no doubt landed there in a heavy storm. When the steamship Discovery went down in November, 1903, between twenty-five and forty persons met death.

TELEGRAPHIC BRIEVITIES.
